

My Vacation in Lebanon

Anthony Verardi

1

Last summer, I traveled to Lebanon and spent two whole weeks there on vacation!

2

We stayed at a hotel called "Honey House" which was located on a famous street called "Alhamra"

3

We went up into the mountains as a group...

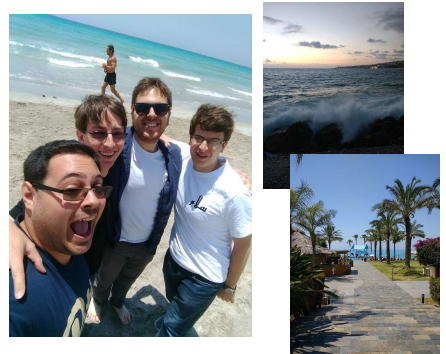

4

And we visited the "Mountain of the Cedars." The trees there are some of the oldest and biggest ones on Earth (6000 years old)

5

After that, my friends and I spent a day at the beach by the Mediterranean Ocean

6

And then we took a ton of selfies in this town called Jbeil (or Byblos in English)

7

While we were in Jbeil, we learned a lot about its history; it turns out that Jbeil is one of the oldest cities on Earth

8

After we got back from Jbeil, we decided to have dinner in Beirut, so we ordered from this awesome restaurant called "Barbar" that specialized in roasted chicken

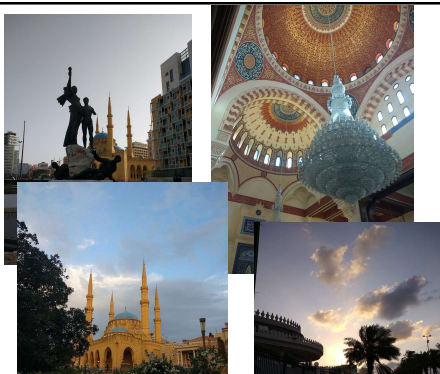

9

I wound up missing a day cuz' I got sick from food poisoning... ☹️ But we still all met up for dinner!

10

I really, really had a great time in Lebanon, so hopefully some day I'll get to go back!
